LATIMER'S ESCAPE.

The Michigan Matricide Walks
Forth to Liberty

LEAVING POOL MURDER IN HIS TRAIL.

The Man Who Murdered His Mother
and is Suspected of Killing His
Father, Adds Another to His
List of Victims.

JACKSON, Mich., March 28.—B. Irving Latimer, the famous matricide, has escaped from the state prison. He got out by getting the keys and walking out of the front door of the prison. The boys are missing. Capt. Gill in charge of the prison at night, is in jail now.

Capt. M. P. Gill was seen at the jail yesterday and made the following statement: "About two weeks ago Latimer said to me that he wanted to make a bargain with me to go to Rhode Island to collect a claim of \$2,500 due him Saturday night. Latimer again approached me on the subject, and an interview was had for last night. About 9 o'clock Latimer was unlocked and taken to the hall office. He remarked that he had a box of sardines and some lemon, and we would have a lunch."

"After entering the hall master's office Latimer made some demands, and we ate the lunch. I was taken sick immediately afterward and was terribly ill. About 11:30 we heard a rattling of dishes upstairs, and I gave Latimer my keys and told him to go up and see what was the matter with Haight. Latimer did so, and taking a cane, pulled the bar which unlocked the gate and went into the guard room. Latimer returned in a few moments carrying a Winchester rifle, and said Haight was lying on the floor. I then got up and tried to go upstairs, but was very weak, and Latimer and Keeper Rice assisted me. Rice asked where Haight's keys were, and I said they were probably in his vest pocket. Latimer and Rice went to look for them, and then Latimer said he would go and whistle for the doctor, and started away. He was gone several minutes when the outside gate was found open, and then we realized he had escaped."

It is supposed that Latimer got possession of some powerful drug and administered it to the guard and night turnkey. Guard Haight was found dying about 1 a. m. Latimer having gone an hour before that time. Haight died at 3 a. m.

The prison authorities have offered a reward for Latimer, dead or alive, and officers are securing the country.

The latest development in the escape is the arrest of Night Guard E. O. Rice for complicity in the escape. Rice was directly connected with Gill on night duty, and it transpires that he was present when Latimer left the hall master's office to go above and see what Haight had done. The supposition is that Rice had knowledge of what Latimer was to do, and that he was criminally careless in allowing Latimer to go through the upper gate. Gill acknowledged that Latimer had been making chocolate for Haight and Gill, and that Latimer had carried Haight's cup up to him. He also acknowledges the story of the buried treasure.

Died of Poison.
JACKSON, Mich., March 28.—It seems settled that the big matricide died of poison, and that the story told by Gill about Haight's having heart disease is false. Physicians made a thorough autopsy of Haight's remains yesterday afternoon. The brain, lungs and heart were found in perfect condition. The stomach contained a half pint of liquid and it has been sent to Anna Arbor for analysis.

A search of the doctor's office and the prison yesterday morning revealed two tiny phials, each containing a whitish watery liquid. It is the belief that from these bottles came the poison which killed Haight. Night Keeper Gill seems to be keeping something back. His stories about himself and the Latimer schemes differ materially.

The only clue thus far of Latimer is that a man residing at the extreme limits of the city reports that shortly after midnight he was awakened by his dog barking. He got up and saw a man go rapidly by a window. He believes it was Latimer, from his size and his clothing.

R. Irving Latimer brutally murdered his own mother at Jackson on the night of January 24, 1889. Was very sensational. He was sentenced to life imprisonment. Latimer's father died under suspicious circumstances a year previous to the murder. He was heavily insured in favor of the wife and son, and it is believed that the son poisoned him.

A Good Clow.

JACKSON, Mich., March 28.—At 10 o'clock last night a telephone message was received by the sheriff from a farmer at Horton, six miles south of here, that at 6 o'clock yesterday morning a man answering the description of Latimer called at his house and asked for the sheriff to see him. He said he had been robbed of his own clothes by an escaping convict, and that he had made him do the prison pants he had on and gave him an old overcoat taking his own coat, vest and hat. The sheriff believes the clue authentic, and he has driven over to see what there is in the story. Warden Davis has issued a circular offering a reward of \$500 for Latimer dead or alive.

Suicide of a Well-Known Publisher.
CHICAGO, March 28.—Horace O'Donoghue, a well-known publisher, committed suicide yesterday at his home, 2070 Wabash avenue, by cutting his throat. O'Donoghue had been depressed in spirits for some days, and it is supposed he committed the deed while temporarily insane.

by the Police.

CINCINNATI, March 28.—At 1 o'clock yesterday afternoon patrol No. 1, with Chief of Detectives Hazen and Detectives White, Callahan and Hill aboard, drove up in front of Joe Camp's pool room on Sixth street. Chief Deitch had ordered that if any more betting was done the apparatus be torn out and removed to the central station. Shortly after the arrival of the officers Peter Fagan handed a \$100 bet to the clerk. Lieut. Hill at once ordered the place pulled. Frank Mott, the clerk, said that if the officers attempted to come behind the desk, he would put them out. Hill at once ordered the clerk with a revolver, while the detectives smashed the desk with an axe and carried out the two telegraph instruments.

Fagan was arrested for making a bet and Clerk Mott for registering one. The markers, George Spreitz and Harry Mattox, were arrested on the same charge. The whole collection was brought to the central station, where Lieut. Hill No. 1 arrested Joe Camp's place at 1:30 o'clock yesterday afternoon and arrested the proprietor, who was locked up at the central station.

The Western Union Telegraph Co. threatens to make trouble, for by the tearing out of Camp's instruments one of their circuits was broken for twenty minutes.

THE TRADE-MARK ASSOCIATION

Of Fine-Cut Cigars and Smoking Tobacco Manufacturers.

LOUISVILLE, Ky., March 28.—The Trade-Mark association of fine-cut cigars and smoking tobacco manufacturers began its annual meeting in this city yesterday morning. This association is national in its character, and embraces most of the leading fine-cut tobacco manufacturers in this country.

Prior to the meeting of the association the executive committee met in session. This committee is composed of Oren Seaton, of Daniel S. Catlin & Co., Louisville, Ky.; J. P. Lorillard, Jr., of the P. Lorillard Co., Jersey City, N. J.; H. S. F. Hens & Co., Rochester, N. Y.; H. J. Hopkins, of J. J. Rogers & Co., Detroit; Charles J. Davis, of the Lowell & Buffington Tobacco Co., Covington.

Mr. Seaton as president of the association is ex-officio chairman of the executive committee. All the members of the committee were present at the meeting with the exception of Mr. Lorillard. He was, however, represented by Mr. George D. Finlay, vice-president of the Lorillard company.

The meeting before the committee consisted of the inspection of the trade marks and wrappers of the various firms. A number of cases were submitted by the committee to the association, but no action was taken by the committee.

The Jewish Church in the World's Fair

CHICAGO, March 28.—Prominent Hebrews from all over the United States met in this city yesterday morning to arrange the plan and scope of the proposed Jewish representation before the World's fair auxiliary religious congress to be held here next September. The union congregations and laymen were represented. The meeting was called to order by Chairman Nathan, of Cincinnati, and Secretary Stolz. The following Jews were appointed vice-presidents: Jacob Schiff, New York; Adolph Moses, Chicago; Julius Freiberg, Cincinnati; Isadore Bush, St. Louis; Solomon Hirsch, Portland, Ore.

An appeal will be sent out stating that since the existence of their religion no such opportunity has ever been extended to the Jewish people to set forth their views before the world, and that it is opportune to correct many gross misconceptions regarding Judaism. A committee was appointed to name the speakers and as subjects for discussion at the coming congress, and their report, which was withheld from the public, was presented last yesterday afternoon.

Will Not Resist Arrest.

SAN FRANCISCO, March 28.—King Ouygwan, Chinese vice-consul, brands as a fabrication the reports that the Chinese Six Companies have issued circulars to countrymen advising them to resist the provisions of the Geary law by force. "We will submit peacefully to the action of the law," he said, "and before May 5 next we shall issue a warning to Chinese to acquiesce in imprisonment, if need be, but never to resist. What we expect is that an arrest will be made, and then the matter will be taken to the United States supreme court, and that tribunal will enforce enforcement of the law until its constitutionality is determined. We know and our lawyers know that the nearer the day comes for the enforcement of the Geary law the more afraid of it are the men who framed and advocated the measure. I believe they realize it will never stand a test in the courts."

The "Bi-World and Official Bulletin"

Practically all reports that the "Bi-World and Official Bulletin" is without an official organ, last week's number of the "Bi-World and Official Bulletin" published in Boston, being the last number to be sent through the mail. Vice-President Sheridan of the Wheelmen's League has received a letter from the publishers of the paper stating that the company will publish the paper next week as usual, but will not send it through the mail as required by the contract. The reason given is that they are violating the postal laws by sending copies to members because their addresses are not now file. A meeting of the executive of the league will be in New York the last of this week, when it is expected the matter will be adjusted.

Liquor Dealers Caught Napping.

PROBIA, Ill., March 28.—A government revenue officer visited a distillery and seized about a dozen wagon loads of imitation goods.

WASHINGTON NEWS.

The Head of the Consular Bureau
Asked to Resign.

AGRICULTURE IN THE UNITED STATES

Mr. Cleveland's Right to the Presidency
Disputed—Three More Mexican
Bandits Surrender—Silver
Dollars and Fractional Coins.

The removal of Dr. St. Clair.
WASHINGTON, March 28.—An evening paper publishes the following in regard to the removal of Dr. St. Clair, head of the consular bureau of the state department. "Last Saturday afternoon Secretary Sherman sent a note to Dr. St. Clair, notifying him that he desired him to tender his resignation at once, and further that his assistant, Mr. W. G. Faison, of North Carolina, had already been appointed his successor, and would assume the duties of the office. This was naturally a surprise to Dr. St. Clair, who had never before dreamed that his official conduct had been called in question."

Dr. St. Clair, who had been in the office for some time, was the secretary, and the latter is alleged to have told him that he had been guilty of holding back official papers on the score that they were personal letters and for this offense his resignation was requested. These papers are said to contain charges against a certain United States consul in Germany, and instead of being treated as private by Dr. St. Clair they should have been sent on their regular departmental round.

Dr. St. Clair, so it is said, produced the letters in question which he claimed to be his private correspondence, but he did not succeed in convincing the secretary that they were other than official papers or that he had not been guilty of a breach of official etiquette. Another story is to the effect that Dr. St. Clair had been in the office for some time, and in the appointment of D. M. Curtis, consular agent at Nova Scotia, which appointment was subsequently revoked.

The Condition of Agriculture in the United States.

WASHINGTON, March 28.—In April last the senate passed a resolution directed to the committee on agriculture and forestry to investigate the condition of agriculture in the United States, and if found depressed to ascertain the causes and inquire into the proper remedy. Subsequently, on March 10, the committee held a hearing on the subject, and a partial investigation was made in regard to the cotton industry. The continuance of the investigation was authorized, and the committee directed to make inquiries into the present condition.

With a view of carrying out this direction the committee has appointed a subcommittee, consisting of the chairman, Mr. George, and Messrs. Bates and Foster, to visit the cotton fields so far as cotton is concerned, and Senators Peffer, Reacher and Washburne, to investigate that branch of the industry relating to wheat, oats, meat, etc. It is understood that the subcommittee will go to work at an early date and make the investigation as thorough as practicable.

Mr. Cleveland's Right to the Presidency Disputed.

WASHINGTON, March 28.—Mr. Cleveland's right to the presidency was disputed yesterday by Mrs. Thurston, an old lady, who not only considers herself as owner of the United States, but of the kingdom of Great Britain and Ireland as well. Mrs. Thurston was among those who stood hand and foot to the president at the public reception in the east room yesterday afternoon. When her turn came she grasped Mr. Cleveland's fingers in a firm grip and poured forth a volley of abuse, and then she turned and walked away. Mrs. Thurston said she wanted Mr. Cleveland to take charge of her possessions under a deed of trust, to be handed over when she received her annuity of several hundred thousand dollars, which will enable her to live in a style befitting her rank and possessions. Her importunities for a private audience to arrange details were politely parried, and after keeping the line waiting for five minutes Mrs. Thurston moved on, with the parting remark that she would return.

Three More Mexican Bandits Surrender.

WASHINGTON, March 28.—A telegram has been received at the war department from Gen. Wheaton, commanding the department of Texas, announcing the surrender to United States troops of three more Mexican bandits, one of whom is said to have been a leader in the Garza revolution. They have been delivered to the civil authorities for trial.

Silver Dollars and Fractional Coins.

WASHINGTON, March 28.—The issue of standard silver dollars from the mints and treasury offices during the week ended March 25 was \$250,340, for conversion into gold and silver dollars. The shipment of fractional silver coin from the 1st to the 25th inst. aggregated \$80,374.

Transferred.

WASHINGTON, March 28.—Capt. Francis J. Kernan, twenty-first infantry, has been relieved from duty as acting judge advocate for the department of Dakota and ordered to duty as judge advocate of the department of Texas.

An Important Committee Meeting.

NEW YORK, March 28.—A meeting of the committee in charge of the honorable bill meeting held at the Academy of Music on Sunday evening will take place at the Hoffman house this evening. The committee will make arrangements to carry out and make a roll of honor of 300 persons who are guarantors of the emergency fund of the Irish parliamentary party.

Cholera in Pennsylvania.

SWICKLEY, Penn., March 28.—An epidemic of cholera, as our physicians called it, in this place, which I was told, was due to the use of cold, cholera and cholera. I sold four dozen bottles of it in one week and have sold nearly a gross. This remedy did not work and was a big advertisement for me. Several persons who had been troubled with diarrhea for two or three weeks were cured by the use of this medicine. P. P. Knappe, Ph. G. 25 and 50 cent bottles for sale by W. F. Neisler, Liberty Block druggist, day.

It is reported here that the Six Companies of San Francisco have prepared a proclamation which will be posted in the city and sent throughout the coast, trying all their members to resist arrest on May 5 by force of arms. It is feared that a great bloodbath will result.

A detachment of Mexican revolutionaries has crossed from San Domingo and invaded Haiti. Manifest fears that the unauthorized invasion of the country will result in a civil war. Haiti, having knowledge of the plans to overthrow him, may be able to successfully resist the invasion.

At Sperry, the proprietor of a general store at Webster Groves, Mo., was probably fatally shot while only looking for a customer. The shooter is supposed to be one of several young hoodlums, who were out sightseeing. Several arrests were made, but the shooting was not known to him who did the shooting.

The Kim Park Methodist Episcopal church, which was partly destroyed by fire December 30 last, at a loss of \$100,000, and which had been almost reconstructed, was again destroyed by fire Saturday night. Estimated loss, \$125,000. It is believed to have been the work of an incendiary.

SHOT THROUGH THE DOOR.

Guarded Murder of a Halted Ship Hotel

WATERBURY, N. Y., March 27.—The story of a murder which occurred in Canada about half way between Gananoque and Rockport, Ont., last Friday, has just reached here. Charles Shipman, a farmer, had a dispute with John Fitzsimmons, a hotel keeper at Halted Bay, over the possession of a small piece of property. Shipman, as he supposed, purchased the property from Fitzsimmons, who claimed to own it, but Fitzsimmons was the real owner, and he ordered Shipman off. The latter refusing to go, Fitzsimmons carried the case through the Canadian courts and was successful. The sheriff appeared and evicted Shipman.

Four weeks ago Shipman returned and tried by force to regain possession of the property. A lively scuffle ensued, but Shipman did not succeed in his purpose. On Friday, however, he approached the place accompanied by his son, his daughter and son-in-law, and armed with a shotgun. Seeing Fitzsimmons through the window, he fired at him, but the shot only grazed his side. Fitzsimmons then placed himself against the door to prevent Shipman from entering. Shipman placed the muzzle of the gun against the panel of the door and fired, the three passing through the wood and into the breast of Fitzsimmons, killing him instantly. Shipman and his party were arrested and taken to Brockville.

JOHN J. RHODES ARRESTED.

The Minnesota Legislature Takes Snap Judgment on the Good Combine.

ST. PAUL, Minn., March 28.—Upon complaint of Richard A. Walsh, a member of the joint legislative investigating committee, John J. Rhodes, general manager of the coal combine, was arrested last evening. He was taken before Judge Carey, of the municipal court, and after his bail had been fixed at \$5,000, R. P. Bailey, chief of the first national bank, and Charles F. Morris were accepted as bondsmen and he was released. The grand jury will meet in May. Attorney-General Child is not yet ready with his criminal complaint against Rhodes.

The house of representatives yesterday afternoon unanimously passed Senator Donnelly's bill making it the duty of Minnesota courts to dismiss any action like the \$50,000 suit brought by John J. Rhodes against members, officers and employees of the legislature for damages inflicted while in the discharge of their duties, and making void any judgment rendered in such cases.

Chief Sargent Discharged.

TORONTO, O., March 28.—Yesterday afternoon the United States circuit court when the injunction case in which Chief Arthur of the Brotherhood of Locomotive Engineers and Grand Master Sargent of the Brotherhood of Locomotive Firemen were sued for \$500,000 damages for conspiring against the Anaconda railroad, came up for hearing. T. W. Harper, of Terre Haute, counsel for the Brotherhood of Locomotive Firemen, moved to dismiss the case as to Grand Master Sargent, on the grounds that the court had no jurisdiction over him, he being a resident of Indiana and the interstate commerce law providing that a person shall not be sued unless he is a resident of the district where the suit is brought. The court thereupon discharged Mr. Sargent and the case of Chief Arthur proceeded.

To Inquire Into the Cause of Wholesale Discharge.

ALBUQUERQUE, N. M., March 28.—Mr. Williams, of Dodge City, one of the grievance committee of the Brotherhood of Locomotive Engineers, is here to inquire into the wholesale discharge of men by the Santa Fe and Pacific railways. Reimbursement will be demanded where sufficient cause is not shown for the discharge. The trouble is not over by any means.

Father and Two Children Burned to Death.

NELLSVILLE, Wis., March 28.—At 4 o'clock yesterday morning Oliver Sander, living six miles from this city, discovered his house to be on fire and at once got his wife and baby out. He then returned for the remaining three children, aged 8 and 5 years, but never returned with them, and the three bodies were taken from the ruins in a charred and unrecognizable condition.

Jealous of the Works of Their Old Masters.

ROME, March 28.—Maffeo Barberis Colonna di Sciarra, prince of Carignano, has been sentenced to three months' imprisonment, and to a fine of 5,000 lire for having sold works of the old masters to persons outside of Italy without the consent of the government. The pictures were in the gallery of the Palazzo Sciarra, and in a room when the government prohibited the sale of such works to foreigners, they were taken secretly from the palace, smuggled out to the border into France and boldly exhibited.

A SQUALLY DAY IN NASHVILLE.

Failure of the Bank of Commerce—A General Panic Feeling.

NASHVILLE, Tenn., March 27.—The Bank of Commerce failed yesterday, while another bank, the Mechanics' savings bank, fearing a run that it would be unable to meet, took advantage of a standing rule and required depositors to give sixty days' notice of withdrawal of deposits.

It has been a squally day in Nashville, and but for the fact that the banks had the time between Saturday night and this morning to prepare themselves there might have been more trouble. With the exception of the Bank of Commerce, however, all the Nashville banks are perfectly solvent, but, of course, don't keep enough money on hand to pay off all depositors on sudden demands. Since Saturday, however, the larger banks have secured from \$100,000 to \$200,000 each, and to-day when the doors were opened great stacks of currency were piled up on the teller's desks and in plain view inside the vaults.

All the Nashville banks are located near College and Union streets, and this morning before 9 o'clock the sidewalks were crowded, mostly, however, by idlers.

There were many people expecting to see a general run on all the banks, but in this they were disappointed. All the banks opened for business except the Bank of Commerce, which, at 10 o'clock posted a notice of assignment. This bank had about decided to make an assignment last week. Its statement is as follows:

ASSETS.	
Notes discounted	\$1,000,000

Total	\$1,050,000

LIABILITIES.

BOLD AND SUCCESSFUL.

Two Desperate Delaware Bank-Breeds

Rob the Caney (Kan.) Bank.

CANEY, Kan., March 27.—A bold and successful robbery was perpetrated in this little town to-day by Henry Starr and Ed Newman, who had been desperate Delaware half-breeds. This afternoon they rode late down from the south, and leaving their horses near the Caney Valley bank walked into the bank, and with drawn revolvers seized the cashier Hollingsworth, Teller Starr and Mr. McNary to throw up their hands and walk into a back-room, locking the door after them.

The robbers then entered the open vault and seized the money that was in sight, something over \$2,000, and leaving the bank hastily, mounted their horses and were off before the people of the town had any knowledge of what had happened. The citizens organized and started a posse in pursuit; but there is little hope of their catching the bold thieves. Starr is the murderer of United States Marshal Floyd Wilson, and is at the head of the most desperate band in the Indian territory.

JAMES KUESS, Daniel Hattack, Conrad Ammann, Rue Singleton and J. P. Nicholson, candidates on the Republican ticket for assistant supervisors, are first-class men well known as such to all the people in the township. The people know that these men know how to perform the duties of the office for which they are candidates. They are all men of good judgment and know what the needs of the county are, and for these reasons the people will elect them.

As candidates for justices of the peace, the Republicans have presented the names of good men to be voted for and elected Tuesday. They are: W. L. Hamner, W. H. Shorb, J. O. Hane, P. B. Provost, Geo. W. Wickens. Three of these have made good records as justices and Wickens and Hane, the other two, are also well qualified for the office. They are all clean and strong men, and when elected there can be no doubt in the mind of any man that Decatur has a first-class corps of justices of the peace.

Read these names: Harry Midkiff, Joe Murphy, John Poor, Fred Miller, W. W. Conard. When you have read them you will know who are to be the constables of the township, the next term. They are all good men and have all been tried and proved efficient as officers. When the question is asked, "What is the matter with them?" The answer of everybody, whether uttered or unexpressed, must be: "They are all right." They are the candidates on the Republican ticket for constables and the people will lead them all without the loss of one.

WANTED IN BLOOMINGTON.

Harlow Walker Arrested and Put in Jail To-Day.

This afternoon Officer Broadway, on an order from Bloomington, arrested a young man named Harlow Walker, and put him behind the bars in the county jail. The prisoner is 18-years of age and is a son of John Walker, whose farm is near Rea's bridge, nine miles northeast of Decatur. The officers do not know why young Walker was wanted at Bloomington. The sheriff of the county has written to Marshal Mason, stating simply that he had a cousin for Walker, and that he should be arrested on sight. He was seen in the city this afternoon and Broadway took him in.

On the way to the county jail Harlow saw his father in a store and he accompanied his son to the prison. Mr. Walker was not greatly worried over the case. He knew that his son was in no serious trouble. Harlow's arrest grew out of a difficulty he had in Bloomington with two young roughs last year, when he was there in the employ of Partridge, the horseman. There was a girl in the case. Harlow found special favor in the heart of the young lady, and his trials began one dark night on his way to the room. A young man was with Harlow at the time, and both young men being assaulted had to fight in self defense. In the fight in the street bricks were thrown and the toughs got the worst of it. One of them was badly hurt, and it took some time for him to recover. Harlow and his companion were indicted, and both were in jail at Bloomington for a time. Harlow's father went to Bloomington and put up \$200 cash bail with Joe Meene, the grocer, to secure the release of his son, whose case was continued. He was told that he would be informed when the case would be called up for trial, but he got no word about it. All the time since the Bloomington scrape Harlow has been at his home, and was to have gone to school to-morrow morning. It is believed that a fortnight has been taken on the bond, and that the Sheriff is simply looking for Harlow to have him stand trial in court for assault with a deadly weapon.

It is expected that an officer will come down from Bloomington this evening or to-morrow to take Harlow to Bloomington.

The companion of Harlow in the fight got off with a light sentence. He was given 10 days in jail and has long since served out his time.

Detective Tidrow assisted in making the arrest. He was standing in the street with young Walker when Broadway came up and took him in charge.

An adjournment was taken until 2 p. m. when other things will be discussed.

At the afternoon session Thursday, the 23rd day of June, was agreed upon as the Sunday school field day for Marion county. The place of this gathering and program of arrangements was left in the hands of J. R. Gorin, E. H. Jeffries and the superintendents of the Decatur Sunday schools.

The Democrats are hustling around trying to find parties who will make the race against the Republican nominees. They think they had a sure thing for the city aldermanship in the person of J. J. Madison Gray, but that knowing gentleman, who doesn't care to be killed off politically, is out in a card in the Review positively declining to make the race. They can't tell who they can get to run for mayor. They realize the hopelessness of success, and the first Democrat who is willing to make the sacrifice will be put on the ticket without a dissenting voice.

REVIVAL MEETINGS.

Progress of the Services at the Methodist and Christian Churches.

LECTURE ROOM TOO SMALL.

The first afternoon meeting at the First Methodist Church was held yesterday at 2:30 in the lecture room. It was greatly well attended and showed increased interest in the result of the meetings. Many present requested prayer for their friends.

The evening meeting was also held in the lecture room, all the seats being filled and a number standing. The opening exercises were very inspiring because of the manner in which they were conducted by Evangelist Miller. His exhortation was full of earnestness and sympathy for the non-Christian persons present. His argument was that the salvation of the soul depended upon action and not upon dilatory conclusions. Various scripture passages were quoted to show the absolute necessity of seeking for the salvation of the soul. God never saved a man when he was unconcerned about his future welfare. The Evangelist's application of the truth was forcible and clear, and while desiring to appeal to the emotions of the people, he rather appealed to their good common sense and judgment in the matter of seeking eternal life. At the close of the exhortation five persons presented themselves at the altar for a new life.

Interest in the meetings is on the increase, and to-night beginning promptly at 7:30 o'clock, the services will be held in the upper room of the church. Everyone is cordially invited to hear this gospel singer.

CHRISTIAN CHURCH.

Elder A. P. Cobb, pastor of Christian church Springfield, Ill., began a revival service at the Christian church in this city last night with a good audience present for a Monday night. Elder Cobb closed for his text John 3rd 29, the latter part of the verse. "This my joy therefore is fulfilled." He showed that to a Christian joy was a command and that to rejoice was as much a command as any command in the scriptures, and quoted a number of scripture texts to prove the assertion. Such as rejoice always and in everything give thanks. Elder Cobb is now for the first time as an evangelist back to the city of his boyhood days, to break the bread of life to the people of this city; he will continue with us for several weeks, and will be glad to see his acquaintances of his young life as well as all who desire to hear the gospel of Christ. Meeting to-night at 7:30 p. m. All are invited to come and hear him.

Subject to-night from 1st John, "He first found his brother."

World's Fair Matters.
